PROGRAM BACKGROUND INFORMATION

Purpose

Under the Elementary and Secondary School Emergency Relief Fund (ESSER Fund), the Department awards grants to State educational agencies (SEAs) for the purpose of providing local educational agencies (LEAs), including charter schools that are LEAs, with emergency relief funds to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the nation. LEAs must provide equitable services to students and teachers in non-public schools as required under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

Eligibility

SEAs in any of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

Timeline

The SEA will have one year, from the date of its ESSER award, to award funds. Any funds not awarded by the SEA within one year of receiving its award will be returned to the Department to be reallocated to other States consistent with the CARES Act.

Uses of Funds

SEAs:

The SEA must use no less than 90 percent of its allocation to make subgrants to LEAs, including charter schools that are LEAs, based on each LEA's share of funds received under part A of title I of the ESEA in fiscal year 2019. With the funds not subgranted to LEAs, the SEA may reserve up to an amount equal to $\frac{1}{2}$ of 1 percent of the total allocation for administrative costs, and the remaining funds may be used for emergency needs as determined by the SEA to address issues responding to COVID-19. These emergency needs may be addressed through the use of grants or contracts.

LEAs:

LEAs may use funds for any purposes listed in section 18003(d) of the CARES Act. (See Appendix A.)

PART B: PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The [Chief State School Officer or his/her authorized representative] assures the following:

1. The SEA will allocate no less than 90 percent of the grant funds under this program to local educational agencies (LEAs) (including charter schools that are LEAs) in the State. Under the ESSER Fund, the SEA will award grants by formula to State educational agencies (SEAs) for the purpose of providing LEAs, including charter schools that are LEAs, with emergency relief funds to address the impact that the Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the Nation. This includes both continuing to provide educational services, such as remote learning, while schools and campuses are closed, and developing and implementing plans for the return to normal operations. The SEA will allocate these funds to LEAs on the basis of their respective shares of funds received under title I, part A of the Elementary and Secondary Education Act of 1965 in fiscal year 2019.
2. The SEA will use the remaining funds (hereafter SEA reserve) for emergency needs as determined by the SEA to address issues related to COVID-19, which may be addressed through the use of grants or contracts. From an SEA's reserve, the SEA may use not more than 1/2 of 1 percent of the SEA's total grant for administrative costs.
3. The SEA will ensure that LEAs use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. (See Appendix A.)
The Department generally does not consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.
4. The SEA will ensure that LEAs receiving ESSER funds will provide equitable services to students and teachers in non-public schools as required under 18005 of Division B of the CARES Act.
5. The SEA will ensure that an LEA receiving ESSER funds will provide equitable services to students and teachers in non-public schools located within the LEA in the same manner as provided under section 1117 of the ESEA, as determined through timely and meaningful consultation with representatives of non-public schools.
 - The SEA will ensure that a public agency will maintain control of funds for the services and assistance provided to a non-public school under the ESSER Fund.
 - The SEA will ensure that a public agency will have title to materials, equipment, and property purchased with ESSER funds.
 - The SEA will ensure that services to a non-public school with ESSER funds will be provided by a public agency directly, or through contract with, another public or private entity.
6. The SEA will comply with the maintenance of effort provision in Section 18008(a) of Division B of the CARES Act absent waiver by the Secretary pursuant to Section 18008(b) thereof.
7. The SEA and each LEA and any other entity that receives ESSER funds will, to the greatest extent practicable, continue to compensate its employees and contractors during the period of

any disruptions or closures related to COVID-19 in compliance with Section 18006 of Division B of the CARES Act. In addition, each entity that accepts funds will continue to pay employees and contractors to the greatest extent practicable based on the unique financial circumstances of the entity. CARES Act funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.

8. The SEA must assure that, when applicable, it will provide technical assistance to LEAs on the use of ESSER funds for remote learning, which includes both distance education as defined in section 103(7) of the HEA and distance learning as defined in ESEA section 8101(14), so that students can continue learning during school closures.
9. The SEA will comply with all reporting requirements, including those in Section 15011(b)(2) of Division B of the CARES Act, and submit required quarterly reports to the Secretary at such time and in such manner and containing such information as the Secretary may subsequently require. (See also 2 CFR 200.327-200.329). The Secretary may require additional reporting in the future, which may include: the methodology LEAs will use to provide services or assistance to students and staff in both public and non-public schools, the uses of funds by the LEAs or other entities and demonstration of their compliance with Section 18003(d), such as any use of funds addressing the digital divide, including securing access to home-based connectivity and remote-use devices, related issues in supporting remote learning for all students, including disadvantaged populations.
10. The SEA will submit to the Department, within 60 days of receiving ESSER funds, a report that will include:
 - A budget for the SEA's reserve that includes information about the up to 1/2 of 1 percent of the SEA's total grant for administrative costs and the uses of funds for emergency needs to address issues related to COVID-19; and
 - An Internal Control and Subrecipient Monitoring Plan to ensure that funds are used for allowable purposes in accordance with cash management principles.
11. The SEA will ensure that every recipient and subrecipient of ESSER funds will cooperate with any examination of records with respect to such funds by making records available for inspection, production, and examination, and authorized individuals available for interview and examination, upon the request of (i) the Department and/or its Inspector General; or (ii) any other federal agency, commission, or department in the lawful exercise of its jurisdiction and authority.
12. The SEA will return to the Secretary any funds received under the ESSER Fund that the SEA does not award within 1 year of receiving such funds.

PART C: USES OF ELEMENTARY AND SECONDARY SCHOOL EMERGENCY RELIEF FUNDS

Section 18003 of Division B of the CARES Act provides in relevant part that grants awarded under the Elementary and Secondary School Emergency Relief Fund be used to support the ability of local educational agencies (LEAs) to continue to provide educational services to their students. The Department requests the following:

1. Information that the SEA may request LEAs to include in their subgrant applications to the SEA. For example, an SEA might propose to include the following in developing its subgrant application:
 - How the LEA will determine its most important educational needs as a result of COVID-19.
 - The LEA's proposed timeline for providing services and assistance to students and staff in both public and non-public schools.
 - The extent to which the LEA intends to use ESSER funds to promote remote learning.
 - How the LEA intends to assess and address student learning gaps resulting from the disruption in educational services.

The above considerations are in addition to the application information requirements from sections 442 and 427 of the General Education Provisions Act (GEPA) (20 U.S.C. § 1232e and § 1228a).

2. The extent to which the SEA intends to use any portion of its SEA reserve (up to 10 percent of its ESSER Fund award) to support:
 - technological capacity and access – including hardware and software, connectivity, and instructional expertise – to support remote learning. If so, please describe the strategies the SEA intends to use to serve disadvantaged populations listed in Sec. 18003(d)(4) of the CARES Act; and
 - remote learning by developing new informational and academic resources and expanding awareness of, and access to, best practices and innovations in remote learning and support for students, families, and educators.

PART C: USES OF ELEMENTARY AND SECONDARY SCHOOL EMERGENCY RELIEF FUNDS

Section 18003 of Division B of the CARES Act provides in relevant part that grants awarded under the Elementary and Secondary School Emergency Relief Fund be used to support the ability of local educational agencies (LEAs) to continue to provide educational services to their students. The Department requests the following:

1. Information that the SEA may request LEAs to include in their subgrant applications to the SEA. For example, an SEA might propose to include the following in developing its subgrant application:
 - How the LEA will determine its most important educational needs as a result of COVID19.
 - The LEA's proposed timeline for providing services and assistance to students and staff in both public and non-public schools.
 - The extent to which the LEA intends to use ESSER funds to promote remote learning.
 - How the LEA intends to assess and address student learning gaps resulting from the disruption in educational services. The above considerations are in addition to the application information requirements from sections 442 and 427 of the General Education Provisions Act (GEPA) (20 U.S.C. § 1232e and § 1228a).

The mission of the Nebraska Department of Education (NDE) is to lead and support the preparation of all Nebraskans for learning, earning, and living. The COVID-19 pandemic has elevated and illuminated the pre-existing inequities in health, education, and digital access for students and communities. The CARES Act provides an opportunity to focus investments to lessen these gaps.

The NDE has begun working on the LEA "Certification and Assurance" package. This package will require LEAs to address all information required as outlined in the State application. This document also includes three narrative questions that can be answered succinctly.

1. Identify proposed uses of ESSER funds. (We have created a checklist of all allowable activities as identified in the federal statute.)
 2. How does the use of these funds advance equity for students with disabilities, students of color, English learners, and/or the economically disadvantaged?
 3. What were challenges during the initial remote learning period, and how will use of ESSER Funds address these challenges?
2. The extent to which the SEA intends to use any portion of its SEA reserve (up to 10 percent of its ESSER Fund award) to support:
 - technological capacity and access – including hardware and software, connectivity, and instructional expertise – to support remote learning. If so, please describe the strategies the SEA intends to use to serve disadvantaged populations listed in Sec. 18003(d)(4) of the CARES Act; and

- **remote learning by developing new informational and academic resources and expanding awareness of, and access to, best practices and innovations in remote learning and support for students, families, and educators.**

In April, the NDE provided a survey to the field asking for feedback to prioritize equitable investments. With nearly 5000 respondents, the five top priorities, and areas NDE plans to invest the SEA reserve funding include:

1. Enhance technology infrastructure (broadband, devices, platforms, data privacy) for students and families.
 - a. Work groups and task forces were assembled well before the COVID-19 pandemic to coordinate conversations around expanding digital access for all Nebraskans. Collectively, these groups recommend strategies and investments, any of which may be included in the SEA set aside investments:

2. Build supports for planning for possible interruptions upon returning to school and student and staff reentry.
 - a. The NDE understands that the local context and local decision-making around recovery and reentry in the fall is most important to ensure public health and safety. As such, the NDE plans to build out its LaunchNE.com website, and provide explicit training along four possible return to school scenarios depending on local context:
 - i. Normal - 100% of students physically attending school
 - ii. Alternate Attendance Schedule - 50% of students are in attendance on a rotating basis
 - iii. Remote Learning - 100% of students are learning remotely
 - iv. Intermittent - Periodic or staggered closure due to resurgence in community infections
3. Ensure student nutritional needs are met.
 - a. Hundreds of thousands of meals have been provided to students throughout the remote learning period. Schools have served as invaluable members of public health services by ensuring a stable source of food. The NDE may consider additional partnerships and investments to continue and expand feeding opportunities.

4. Provide professional learning to support inclusive remote learning environment and engagement, along with best practices for different student groups.
 - a. As Nebraska schools look towards teaching and learning recovery, schools must consider their approach to unfinished learning while leaning on the foundational principles of educational equity. Professional learning opportunities must emphasize different student groups such as students with disabilities, English learners, the economically disadvantaged, and students of color.

5. Create or expand mental, behavioral, and social emotional supports.
 - a. School closures also make it difficult to monitor the health and well-being of students, including those in foster care, as reports of child abuse and neglect often come from teachers' reports. Educators are vital in providing social and emotional supports for students, and will need additional training and resources to transition to new ways of communicating, teaching, assessing, and supporting online. Strategies should also be considered to expand mental, behavioral, and social emotional supports to students and families through virtual means.

PART D: OTHER ASSURANCES AND CERTIFICATIONS

The [Chief State School Officer or his/her authorized representative] assures or certifies the following:

1. The SEA will comply with all applicable assurances in OMB Standard Forms 424B and D (Assurances for Non-Construction and Construction Programs), including the assurances relating to the legal authority to apply for assistance; access to records; conflict of interest; merit systems; nondiscrimination; Hatch Act provisions; labor standards; flood hazards; historic preservation; protection of human subjects; animal welfare; lead-based paint; Single Audit Act; and the general agreement to comply with all applicable Federal laws, executive orders and regulations.
2. With respect to the certification regarding lobbying in Department Form 80-0013, no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making or renewal of Federal grants under this program; the SEAE will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," when required (34 C.F.R. Part 82, Appendix B); and the SEA will require the full certification, as set forth in 34 C.F.R. Part 82, Appendix A, in the award documents for all subawards at all tiers.
3. Any LEA receiving funding under this program will have on file with the SEA a set of assurances that meets the requirements of section 442 of the General Education Provisions Act (GEPA) (20 U.S.C. 1232e).
4. To the extent applicable, an LEA will include in its local application a description of how the LEA will comply with the requirements of section 427 of GEPA (20 U.S.C. 1228a). The description must include information on the steps the LEA proposes to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation in, the program.
5. The SEA will comply with the *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) requirements in Subpart D—Post Federal Award Requirements (2 CFR §§200.300-345) and Subpart E—Cost Principles (2 CFR §§200.400-475) to ensure that LEAs, including charter schools that are LEAs, are using ESSER funds for purposes that are reasonable, necessary, and allocable under the CARES Act.
6. The SEA and other entities will comply with the provisions of all applicable acts, regulations and assurances; the following provisions of Education Department General Administrative Regulations (EDGAR) 34 CFR parts 76, 77, 81, 82, 84, 97, 98, and 99; the OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and the Uniform Guidance in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474.
