Dan's House of Hope helps young adults fighting cancer heal through community, supportive programming and home away from home services that reduce isolation, decrease financial burdens and nourish hope.

Dan's House offers the warmth and comfort of home in Bed and Breakfast-style accommodation to young adult cancer patients (18 to 39 years old) and their caregivers receiving medical treatment at the Texas Medical Center. Nestled in a residential area of the Museum District, we are close to many of Houston's finest attractions and only about 5 short minutes by car to the heart of the Medical Center.

More than just housing, DHOH creates a sense of community that relieves isolation and returns a sense of normalcy to families. Guests are invited to engage in ongoing programming from casual to organized support groups, weekly Yoga classes, group outings to nearby Hermann Park, ball games, art and music events, movie and game nights at the house, and spiritual care offerings. DHOH's support programming is available to young adult cancer fighters and survivors (and their caregivers) regardless of whether or not they are staying at DHOH.

No occupancy fee is charged to stay at DHOH or participate in support programming, although we strive to make it known that donations of any amount are always gratefully appreciated to help support the mission.

- Apartments are located at 8181 Fannin St., Houston, TX 77054.
- We charge \$20 per day, which comes out to \$600 per month.

- We charge a one-time \$75 cleaning fee, as we will have the apartment cleaned upon move-out.
- We require a stay between 2 weeks (minimum) and 3 months (maximum).

Admission Guidelines

Halo House is available for children and adults who are undergoing active treatment for leukemia, lymphoma, or myeloma in the TMC. Halo House reserves the right to refuse housing to any person who was convicted of a criminal offense. "Active treatment" means that the patient must have at least a weekly appointment at the treatment center in Houston.

The patient must live more than 50 miles from the TMC. Stem cell transplant patients must live more than 25 miles from the TMC and show a letter from their doctor requiring them to live within 15 minutes of the hospital. A caregiver must reside at the apartment with the patient at all times.

Halo House is open to people being treated at any cancer facility in the TMC including, but not limited to the MD Anderson Cancer Center, Texas Children's Hospital, and Methodist Hospital.

How to Apply

- Visit our website at: www.HaloHouseFoundation.org
- Select "Apartments & Applications"
- Click on "Online Apartment Application" then complete and click "Submit"

After an application is submitted the patient is added to our "wait list" and a confirmation email is sent within 4 days. Due to the overwhelming need for assisted housing, it now takes around three months for an apartment to become available. The confirmation email we send will provide suggestions for additional housing options for patients.

Hospitality Apartments

Who is eligible for an apartment at Hospitality Apartments?

Patients being treated at a health care facility in the Texas Medical Center area are eligible for an apartment (from a minimum of two weeks up to three months), provided they live more than 50 miles away from the Texas Medical Center and will have a Caregiver with them 24 hours a day, 7 days a week, during their entire stay at Hospitality Apartments. There are no restrictions based on gender, Patient age, religion, national origin, financial status or language.

To protect our Guests, we do not admit patients with communicable diseases. Hospitality Apartments reserves the right to refuse housing to anyone whom they believe would be disruptive to the Guests or operation of Hospitality Apartments or detrimental to the purpose or ministry of Hospitality Apartments.

What is the cost of an apartment at Hospitality Apartments?

Hospitality Apartments does **NOT** charge a fee for the use of any of its apartments. The only cost to a Guest is a \$100 cleaning fee for a cleaning service to clean the apartment prior to the arrival of the next Guest. This \$100 cleaning fee is payable in cash or check at check-in.

Can I count on an apartment being available when I need it?

No. When our Guests come to stay with us, they estimate the time they will be here, up to three months. Based on their treatments and response to those treatments, their stays with us vary.

You should have alternate plans for housing in case Hospitality Apartments does not have an open apartment at the time you need it. Please talk with the Hospital Social Worker who can give a list of alternate housing solutions.

If we are not able to meet your housing needs on your Need Date and you elect to stay at a hotel or other accommodations, we will still call you the moment we do have an opening and you can join us at that time.

How do I get an apartment?

To get on the Waiting List, the Patient, family member, Caregiver, or Hospital Social Worker can call the Hospitality Apartments office at (713) 790-9120 and request to be put on the Waiting List

Please note that the waiting list can be 3 months long.

When an apartment becomes available and you are next in line on the Waiting List with a current Need Date, we will contact you to see if you still have a need for the apartment and are ready to move in. If so, we will schedule a check-in time.

If the Patient is in the hospital at that time, the Caregiver can check-in and begin using the apartment. Please note that if we are unable to contact a Patient or Caregiver using the contact information provided, we will go on to the next person on the Waiting List. If you are in the hospital, be sure your Caregiver is alert to return our phone call.
